## LifeForce Family Chiropractic

*We're Celebrating 6 years of  
life-changing results through  
Christianity and Chiropractic*

### IN THEIR OWN WORDS

Read about how a few of our faithful patients found Dr. Wade A Lofton and LFFC. They also explain the healing role that LFFC continues to play in their lives.

*I met the doctors at a community health screening. However, when I came to get my initial follow-up consult, I was skeptical, got cold feet and wanted to bail. Instead, I decided to try it. The reason I have continued coming is that I have had results that I have been able to quantify. I have consistently noticed reduced symptoms related to spring allergies and have been able to reduce and practically eliminate medications for these symptoms. I also initially came in for back pain, which I have been greatly helped with. These treatments allowed me to eliminate using a lift in my shoe. It's always nice to know you are making a difference in the world, which is what LFFC is doing.*

– Glenn N.

*Dr. Lofton was speaking at a M.O.P.S (Mothers of Pre-Schoolers) meeting when I first met him. I was in a lot of pain due to throwing my low back out to the point that I couldn't tie my shoes without pain. Initially I kept coming because I was helped with overcoming this incredible back pain. Also, my infant was diagnosed with a very severe alignment issue of her pelvis and it was later*

*corrected 100% along with my son's knocked knees through the neurological based care. Now I keep going because my family and I have experienced continuous good health and improved sleep when our backs are in alignment. I feel uplifted when I come to the office with the encouraging music and prayer. You can tell God is working through the doctors at LFFC to heal people.*

– Sara H. and family

*I originally used chiropractic for my own personal headaches. We had moved back to the area and I had not seen a chiropractor in over a year. I was getting headaches again and was on the search for a new chiropractor. I received Dr. Wade Lofton's door hanger on my front door and his office looked like a nice, inviting, Christian environment so I came to see him. We have continued to come to LFFC because Dr. Wade is very good at educating his practice members about how the body works and how important it is to your overall health to keep yourself in alignment. Just because you may be symptom-free, it doesn't mean there isn't something going on. My entire family sees Dr. Wade including my three children under the age of six who have been seeing him since they were born. My oldest is in grade school and my youngest is two and goes to the Lifetime Child Center; they are both exposed to a lot of sickness.*

*They are very healthy children and rarely get sick. Even if they do become sick, their bodies heal abundantly faster and more efficiently due to the neurological based adjustments; I attribute this success to our continued care at LFFC.*

– Tami S. and family

Neurological-based adjustment techniques retrain your nervous system

Specializes in Torque Release Techniques to help people get off of pain medications, overcome addictions, depression, anxiety and stress

Educates and empowers people to make positive changes in their lives

Enables the body to heal itself – to regenerate and not degenerate

Founded in Savage area by Dr. Wade A. Lofton
